Discussed: Raising the rates, how much should they be raised. November 27th is the final payment for the SAW grant; will get a Certificate of Completion and the final payment. Marlow requested the program be sent to him so he can do some more study on this.

Whiteman will continue to work with the Sewer Board after the grant is completed. They will meet on November 27th to final everything with Supervisor Marlow, Trustee Wylie advised he would attend also, along with the Sewer Board.
